

Janesville's big harness meeting is under way. The bell that has been silent for nearly a year was rung for the first time this afternoon, and called the best field of horses that ever assembled on the Janesville track.

The day was fine, the track was in splendid condition, but there was a disappointment in store for the people that nature could not control.

The much heralded match race was "off."

Joe Patchen was here in all his glory, but Strathberry, his opponent-to-be did not show up. In his last race at Davenport, Strathberry won a heat in 2:06, and then began to act badly. The second and third heats found him in last position, and in the fourth heat he was distanced. He finished very tired, and showed clearly that he was not in condition. Yesterday the announcement came to Secretary McKinney that the Roseberry horse was sick and could not keep the Janesville engagement.

Joe Patchen went an exhibition mile at 3:30 o'clock, making it in 2:04 in spite of a strong wind down the back stretch. "It is the best performance of the year," said Secretary McKinney.

When the dark clouds rolled up yesterday and the wind tilted the tree tops, the managers of the race meeting smiled for joy.

"Twelve hours' rain would not injure the track in the least," said Treasurer O. F. Nowlan.

And it wouldn't, because great clouds of dust rolled up when the flyers went round the course.

Every stall on the grounds was taken, forty odd horses were quartered in the immense barns on the Galbraith farm east of the fair grounds, while every box stall in the second ward was taken. The overflow was consigned to the various livery barns down town. One livery firm got \$30 for the use of two stalls for the week and at that price quarters were hard to get. A special train came in from La Crosse at 11:30 yesterday morning and aboard it were one hundred and sixty-eight animals. It took an hour or more to get them unloaded, the blanketed beasts reached from Wisconsin street to the depot. Quite a crowd watched the grooms lead the trim built trotters through the streets and speculated as to how fast such and such animals could go. Nearly every groom had a dog with him in addition to his equine charge and the draymen reaped a harvest hauling the sulkeys and other trappings. Another special came from Davenport, Ia., bringing the horses that have been competing at that city.

Joe Patchen Arrives.

Joe Patchen, the famous pacer attracted plenty of attention as he was led through the streets and well he might, for no handsomer horse ever wore harness. He is one of the stars of the horse world and competent judges say that his orb of success has just begun to shine. Joe Patchen is by Patchen Wilkes and is a horse of unusual size. He is owned by Col. John G. Taylor of St. Louis and is driven by the famous "Jack" Curry, whose reputation as a reinsman is second to none. When Colonel Taylor bought the great pacer from P. C. Bathburn, of Peabody, Kan., he was a natural trotter and could show a 2:40 gait, but suddenly he took a notion to pace and in 1893 he was trained in the lateral way of going. His first start was at Parsons, Kansas, where he defeated a field of aged horses and won in 2:19. At Terre Haute he averaged five heats in 2:10 but being taken sick, was sent home. In his five year old form he proved invincible, and was successful at Davenport, Detroit, Cleveland, Buffalo, Fort Wayne and many other places, besides foreign. Robert J. to pace in the remarkable time of 2:03 2:02 and 2:04, the duel occurring at Hartford. In the fall he paced a mile on a half mile track in 2:09 breaking the world's record, beside winning a number of matches and purses. He is 16 1/2 hands high, weighs 1175 pounds and is jet black with four white ankles and a stripe. Since Curry has had him, Joe has not made a mistake, and he is as sound as a dollar. At Des Moines on June 19, he paced a mile in 2:08, the best time made by a stallion at this time of the year. This mark stood until Fido paced a mile in 2:05 1/4 at Davenport Friday.

The Fields Were Large.

But Joe Patchen is not the only good horse at Janesville, not by a jug full—the track was covered with them. The two year old class for trotters that had never started, had thirty-nine entries.

The two year old race had narrowed down to a dozen starters when they

came out, and the race resulted as follows:

Two year old trotting class—Purse \$600.	
Baroness Marguerite, b. f., (Calloway).....	1
Happy Bird.....	2
Theriot, b. m., (West).....	3
Menela.....	4
Minnie Barnwood.....	5

THE EVENTS FOR TOMORROW.

Four Good Races Are On the Day's Program.

The events for tomorrow are the 2:28 class trotting, purse \$1000; the 2:19 class trotting purse \$600; the 2:45 class pacing purse \$600 and the race for pacing three year olds and under, (2:25 class) purse \$500.

In the 2:25 class the entries are as follows: Packet, entered by T. Atwood, Fremont, Neb.; First Born, G. L. Andrews Mukwanago Wis.; Burr Oak, Burr Oak Farm, Harvard, Mich.; Dr. Cronin, F. H. Colby, Minneapolis; Frontier D. F. H. Colby; The Corporal C. E. Morris, Columbus Neb.; Godella, E. H. Cunningham, Clinton Wis.; Joe Mark, W. B. Storts, Slater, Mo.; Valley Queen, S. S. Gorton, Gretna; Ill.; Kate C., John Cuddemore, St. Louis, Mo.; Norman, Keystone Farm, Omaha, Neb.; Glenmore, A. H. Leman, La Crosse; Hazel C. C. McDonald, Mineral Point, Wis.; Trotwood, M. E. McHenry, Freeport; Snock W. Newton, Palmer, Darlington, Wis.; Prince Allerton, T. J. Pollock, Iowa Falls, Iowa; Patti Clark, Rody Patterson, Cleveland, Ohio; Nellie Chatterton, Scott's stock farm, Centerville, Iowa; Lillie Glenn, J. G. Taylor, St. Louis, Mo.; Bona, J. G. Taylor, St. Louis; Rarity, Riverside Park Farm, Berlin, Wis.; Director Chief, H. D. McKinney; May Belle, W. H. Bell, Gordonville, Alabama; Biwabic, D. W. Rowland, Ashkosh, Wis.; Pat L. J. W. Nash, St. Louis and Astellie, Kalamazoo, Farm, Kalamazoo, Michigan.

The 2:19 Class Trotting.

Nineteen whirlwinds are entered in the 2:19 trotting class, they being Kate Caffrey, Almy Stock Farm, Omaha; Rebel Medium, R. W. Bush, Bloomington; Major Ewing, C. J. Franks, Rockford, Ill.; Armond, Hodge & Ringhouse, Elkhart, Ind.; Winnie H., George Howard, Milwaukee; Margaret C., B. K. Kinney, Shelbyville, Ky.; Wilkes, P. J. Kinney, Genoa Junction; Bonnie Mai and Van V. J. J. Nelson; Jersey Belle, Thurston & Morrison, Minneapolis; Barney K., James Carr, Hamlin, Minn.; Virginia, J. G. Sherman, Lake Geneva; and King Holliday, J. W. Zibbell, Herndon, Ia.

The 2:45 Class Trotting.

There are seventeen in the 2:45 class pacing as follows: Tom Lee, Almito Stock Farm, Omaha; Nymph, J. A. Clark, Omaha; Mollie Casey, C. J. Franks, Rockford; Pearl C., G. A. Fuller, Lincoln, Ill.; Nellette, F. S. Gaston, Chicago; Hal Crago, Harrison & McFord, Wheaton, Ill.; Lady S., R. L. Leffingwell, Columbia, Wis.; Lucy Gordon, J. D. Park, Fayetteville, Tenn.; House Maid, H. D. Schutte, St. Paul, Minn.; Chinch Bug, J. N. Slick, Sutherland, Ia.; Dan McCabe, J. G. Taylor, Sr. Louis; Lady K., T. White, Beaver Dam, Wis.; Maud Strus, R. W. Phelps, Minneapolis; Bar-Me-Not, George Spear, La Crosse; Harry McKinney, H. D. McKinney; Nehols, F. H. Colby, Minneapolis and L. L. D., V. L. Schuler, Minneapolis.

The Colts Race.

There are nineteen colts named in the three year old pacing class as follows:

C. E. Alexander, Des Moines, Rose Wild, J. M. Tyler, Lincoln, Neb., Wave, George M. Byrum, Decatur, Neb., Haroul,

Harry Bush, Des Moines, Ia., Jack, N. Bartholomew, Des Moines, Rex B. Darnell Farm, West Union, Ia., Allerton, P. Dewey, Fairbault, Minn., Minnehaha, W. L. Ellwood, DeKalb, Ill., Flora Dowling, Lomo Alto Farm, Dallas Tex., Elrod, B. F. Emigh, Aurora Ill., Gold Hill, G. A. Fuller, Lincoln, Ill., Tania, Keystone Farm, Omaha, Neb., Willie Wake-man, E. Jewett, Wellington, Kan., Brittan, H. J. Marbold, Greenview, Ill., Jack McGreg-or, Peter D. Kraby, Neenah, Wis., Libella, Theodore Wilson, Dixon, Ill., Ace, C. W. Spear, La Crosse, Gilead, J. N. Slick, Sutherland, Chinch Bug, Kalamazoo Stock Farm, Mich., Ambidexter.

A FORCED RIDE.

A Confederate Soldier's Horse Dashes Wildly Into the Enemy.

John Gilpin's famous ride was beaten by one which a confederate soldier was forced to take during an engagement between Quirk's scouts and a regiment of union cavalry. The two bodies of soldiers were standing face to face and the bullets were flying thick and fast through the air. The fight was a desperate one, and each side seemed to stand its ground.

Suddenly, as the fight was at its hottest, a horse dashed out of the confederate line and started in a direct line for the Yankee regiment. On the horse's back was a man named English, who was leaning back in his saddle and pulling with all his might in a futile attempt to stop his frightened horse.

The animal was yellow in color and in running took long, clumsy jumps. The rider finally saw that he could not stop the frantic animal and he made up his mind to make the best of his situation.

He leaned forward in his saddle until his head almost touched his horse's neck, and his hands clasped the bridle near the bit. Even the rider's ears seemed pinned back, so great was his effort to make himself as small as possible. His face was as pale as death.

The Yankees saw the horse with its rider making straight for them. Some of the soldiers ceased firing and looked excitedly at the half-maddened animal flying toward them. He reached the regiment, but did not stop. The federals almost fell upon each other in their efforts to get away from the horse's heels.

The animal went plunging through the center of the line of soldiers, foaming at the mouth and with head down, and then dashed on through the regiment, the soldiers making way for him all down the line.

Not a shot was fired until he had got out of range, and then nearly half of the regiment, who had managed to recover themselves from their astonishment, fired at a cloud of dust rising in the air, but the horse and rider were at a safe distance.

The horse made a complete circle, returning to the confederate company in safety. When they saw their comrade had returned without a scratch from his dangerous ride, they almost forgot the fight that was before them, and there went up a great cheer.

LIBERALS WILL LOSE.

Little Hope for the Leaders of the Great English Party.

London, July 15.—The defeat of Sir William Harcourt will very likely be followed by that of three other leading members of the Roseberry cabinet. Herbert Asquith, Campbell-Bannerman and John Morley hold their seats by small majorities, and all the present indications are that the close seats will be uniformly carried by the unionists. It looks like a liberal Waterloo, in fact.

Death in a Wreck in Texas.

Dallas, Texas, July 15.—In a wreck on the Texas Pacific railroad, near Handley, Engineer Al Horner and Fireman John Devine were killed. No passengers were hurt. The following were injured: Express Messenger Joe Fitch, and Mail Agents Oscar Sloan and rib broken, and Mail Agents Oscar Sloan and M. Swift, badly bruised. Only the engine, mail, express and baggage cars left the track.

Attendance Was Large.

Denver, July 15.—The National Educational Association's convention, equalled, if it did not exceed, in point of attendance the memorable Chicago meeting. The registered attendance numbered 9,841. Nearly six thousand excursion tickets have been deposited with the railways in order to secure extension of the time limit. Several thousand of the teachers left the city for Manitou and other points in the mountains to spend their vacations, and hundreds have departed on excursions to Salt Lake, California, Yellowstone Park and the City of Mexico.

Shocking Murder in St. Louis.

St. Louis, Mo., July 15.—A white man, evidently familiar with the Whitechapel manner of murder, took the life of Ella, alias "Kid" King, a negro, 28 years of age, and of a dissolute character, last night. The woman was shockingly mutilated by the knife of the assassin, and died at the hospital soon after reaching there. Charles Schlick, a white man, who is said to have lived with the King woman in Kansas City, was arrested for the murder.

Gives Land for a Playground.

New York, July 15.—Silas Mainville Burroughs, late of Burroughs, Walsome & Co., chemists, London, England, died at Monte Carlo Feb. 6, leaving an estate valued at \$629,630, of which real estate valued at \$15,000 is in this state. The testator gave his lots in Medina, N. Y. to that town for a playground. He also left many bequests to charity.

Defender Outrills Vigilant.

Newport, R. I., July 15.—The Defender, the new yacht built to retain the America cup, outtrilled the victorious Vigilant in a fair and interesting trial contest yesterday off the Rhode Island coast. The new yacht again behaved admirably, and both outtrilled and outpointed her opponent.

Ironclads for the East.

St. Petersburg, July 15.—Four first-class ironclads will be sent by Russia to join her squadron in the far east.

CELL FOR A BANKER WHO WAS TOO CUTE

STATE SENATOR CASSETT GETS NINE YEARS.

Iowa Financier Tastes the Law's Bitter Medicine as Administered by a Keokuk Jury—His Lawyers Will Appeal the Case—Not Safe to Fool Depositors.

Keokuk, Ia., July 15.—Ex-State Senator E. M. Cassett, one of the Pella bank wreckers, was sentenced to nine years in the state penitentiary this morning. His lawyers will take an appeal.

TAKEN FROM JAIL AND HANGED

Two Negroes Charged with Murder Lynched by a Mob.

Camden, Ark., July 15.—About 12 o'clock last night at Hampton, thirty miles east of here, two negroes were lynched by a mob of eighty-five men. Two weeks ago a white man named Martin was killed by three negroes. Two of them were arrested and confined in jail. Last night a mob of determined men marched to the jail and demanded the surrender of the murderers. It was useless to resist such a force with but a handful of men to summon to his aid, so the keys were delivered up by the sheriff. The culprits were carried to the neighboring forest and hanged to trees. The men who composed the mob were not masked, and made no effort to conceal their identity. Two years ago a race riot occurred in Calhoun County. The negroes greatly outnumber the whites, and further trouble is feared.

CYCLONE IN DAKOTA.

Much Property Is Wrecked, but No One Reported Killed.

Grafton, N. D., July 15.—A cyclone struck the place of O. D. Nelson, six miles northeast of here, at 4:45 o'clock yesterday afternoon. It lifted a house in the air, whirled it around, and, striking on a corner, it went into a thousand pieces. There were five persons in the house. Mrs. Nelson was sitting on the porch with a baby in her arms. When in the air she dropped the baby, and was carried thirty feet. Both were uninjured. A 12-year-old girl named Peters was badly hurt. Her leg was broken and she was injured internally. She is not expected to live. Everything in the house was smashed to fragments. Three miles southeast a farmer named Knudson had the roof taken off his house, and there is undoubtedly more damage done. East of here reports come in that the grain is badly damaged.

Caught in a Death Trap.

Unlontown, Pa., July 15.—Farmer Thomas Gans and Miss Luta Sutton went driving yesterday afternoon. At Brownfield the road crosses the Baltimore and Ohio railroad tracks. The coke ovens of the Redstone Coke company cut off the view of the track until drivers are almost on the crossing. The couple did not see a shifting engine flying toward them until almost on the railroad crossing. The horse became frightened and threw them head foremost on the pilot of the engine. Their bodies rebounded to the side of the track. Miss Sutton's skull was fractured. Gans had several ribs broken and is badly injured internally. Both are expected to die.

La Normandie's Eventful Voyage.

New York, July 15.—The French liner Normandie, which arrived here from Havre yesterday, had a decidedly eventful voyage. Just after her departure from Havre one of the firemen, Francois Leflem, was instructed to open one of the coal bunkers. He did so, using a naked light. As soon as the hatch was opened there was a rush of gas, which instantly ignited from the lamp flame and exploded with tremendous force, instantly killing Leflem and doing more or less damage to the bunkering fittings. Leflem was only 19 years old and was a native of Brittany. He was buried at sea. The fire was subdued before it did much damage.

Drouth Hurting Wheat.

St. Paul, July 15.—Reports from the grain fields of Minnesota and South Dakota are the most discouraging of the year. There has been a drouth of several weeks in Lacqui-Parle, Big Stone, Lincoln, Swift and Grant counties, Minnesota, and in five counties to the west in South Dakota. Swift county will not average over six and a half bushels, and Big Stone is in no better condition. The prospect in these three counties is not so good by 33 1-3 per cent as ten days ago. Advices from Anoka are to the effect that corn and potatoes are suffering for lack of rain.

Bad Wreck on the "Big Four."

White Sulphur, Ohio, July 15.—At 11:30 yesterday a bad wreck occurred at White Sulphur, on the "Big Four," resulting in the wrecking of fourteen cars of whisky, feed, tobacco and candies, the loss amounting to \$75,000. Dick Hurley, a molder of Cincinnati, was killed. The cause of the accident was the burning of a journal, the car leaving the track after it had plowed the earth for a mile. A number of tramps are supposed to be under the debris.

Northern Pacific Bonds All Right.

New York, July 15.—James McNaught of the Northern Pacific railroad, who has just returned from a trip through the northwest, finds that the mineral and agricultural productions of this year promise to exceed in value those of any recent year. Mr. McNaught expressed annoyance at the publication alleged to have been made on his authority that the second, third, and consolidated mortgage bonds of the Northern Pacific were illegally issued and consequently invalid. He said there was no doubt they were all valid liens upon the company's property.

ENGINEER DIES IN HIS STEAMER

Serious Fire At the Lewiston, N. Y. Docks and a Life Is Lost.

Lewiston, N. Y., July 15.—Engineer Lewis was burned to death on his steamer here this morning. Shortly before 1 o'clock this morning the steamer Cibola, of the Niagara River, lying at the Lewiston docks in the rear of the historic American hotel, was discovered to be on fire. The fire soon enveloped the steamer and spread to the dock, thence to the large hotel. The guests and the servants escaped.

BAD MONEY MADE IN CHICAGO

Italians Arrested For Making and Passing Counterfeit Silver Change.

Chicago, July 15.—Secret service agents arrested two Italians today for making and passing counterfeit money.

MICHIGAN PRAYING FOR RAIN.

Special Supplications In the Churches—Back-Firing Is Tried.

Thompsonville, Mich., July 15.—In all the churches in this part of the State devout petitions were sent up yesterday for copious showers. The situation is not nearly as bad as it might be. It is true one town has been wiped out, the little town of Wallin five miles north of here, and other towns have been seriously threatened. But unless the wind rises to the dignity of a gale there is now no immediate danger either to the towns or the isolated farmers.

This is not a pine district. The timber is mostly hard wood, with a mixture of hemlock and cedar. In a pine country, where the forest fires will leap from tree to tree, it is next to impossible to guard against danger, but when the timbers are hard, as in this district, by back-firing, disaster can be averted.

Since the drouth became severe nearly every town in this part of the State has been encircled with safety belts, and the only danger is from high winds sweeping sparks and embers across them. Even the farms and little clearings in the woods have been so protected, and it was the lack of this precaution which cost the people of Wallin so dearly. The people, fifty men, women and children, were brought to this place, many of them severely scorched and all of them suffering from the heat and smoke.

One family, the Jewells, was missed, and the relief party returned to the rescue, headed by A. H. Waters and President Bennett. The house where the Jewells lived was a little bunch of ashes and half an hour was spent in a vain search for the missing family. Just as the rescuing party was starting to return a cry was heard from a small potato patch some distance from the house. The family of eight were in the field, the children covered with wet blankets and sand, the adults with their faces in holes they had dug, and their bodies covered with dirt. The family, including an infant two weeks old and a grandmother of 80 years, was rescued thoroughly exhausted, blackened by the smoke and dirt and nearly dead. They were tenderly cared for and are now comfortably located here.

The refugees from Wallin lost everything they had, but not many of them had much more than their household furniture, while the Sullivan Lumber Company, owned the houses. Some of them have decided to locate here and already have found employment. Others have gone to Traverse City, and still others have returned to Wallin to continue in the employ of the Sullivan Company. A large tent has been erected on the site of the town and it serves as a boarding house, postoffice, store and general headquarters until more permanent arrangements can be made.

The towns of Cleary, Copemish, Interlochen and Grawn were threatened by the flames, but by vigorous and timely backfiring the danger was averted and no fears are entertained, unless the wind should rise. A few farmers have lost their crops and outbuildings, but most of them have guarded against such disaster, and farmhouses will be seen all along the line of the railroad surrounded apparently by the smouldering fire but untouched.

There are fires in the woods through all the country north of here to Mackinaw City, and west to the lake, but, barring high wind, no danger is apprehended now by any of the towns and by but few of the farmers. Much hemlock bark and large quantities of standing timber has been injured, but no lives have been lost.

Still Burning Near Traverse

Traverse City, Mich., July 15.—Since Saturday night only a few new elements of danger from forest fires presented themselves here. In places where danger is most seriously threatened close watching and prompt work have prevented further serious loss. Fires are scattered in the woods in all directions, however, and the result would be disastrous should the wind rise to any extent. In Benzie County the worst fears are entertained, though fires are subsiding near Wallin, the village destroyed last week, the fire having about burned itself out. Last night new fires sprung up near Cedar Run, Lake Ann and Fouch. Standing timber is in danger, but no mills or buildings are threatened. Along the line of the Manistee and Northwestern Railway there are scattered fires.

Boat Ashore in the Smoke.

Gladstone, Mich., July 15.—The schooner Ida Olson, which left with lumber for Chicago yesterday morning, went ashore in the thick smoke when a short distance from port. She was released in the evening.

Lake Geneva Gives Up Its Dead.

Lake Geneva, Wis., July 15.—Diver Nelson, of Chicago, recovered the bodies of the Hogan brothers from the sunken launch Dispatch yesterday. A careful search failed to find the body of Captain Preston, and evidently those of Mrs. Hogan and her child had been washed out of the boat, too, for they could not be found. Father Hogan's body was taken to Harvard, and the funeral will be held there, but the interment will be made at Joliet. Dr. Hogan's remains will be taken to Elgin, and afterward to Joliet for burial. Both bodies are in a good state of preservation.

NEW WAR FOR JAPS ON CHINESE SOIL

BLACK FLAGS DEFY THEIR NEW RULERS.

Rebellious Bands That Have Made so Much Trouble for China Are to Be Taken in Hand Now by 7,000 of the Mikado's Troops—Battle Expected.

Hong Kong, July 15.—Seven thousand Japanese troops have been sent against the Black flags in Formosa. A battle is expected by July 20.

Fall of the Bastille Observed.

Paris, July 15.—The fete of the republic was celebrated throughout France yesterday, being the anniversary of the fall of the bastille. President Faure reviewed the garrison at Longchamps. Various patriotic societies made a demonstration before the statue of the republic at Strasburg, but this was conducted in an orderly manner.

France and Brazil Arbitrate.

Buenos Ayres, Argentina, July 16.—It is reported that the president of the Swiss republic will act as arbitrator between France and Brazil in the disputed questions of the boundary limits of the territory of Amapa.

Fatal Powder Explosion.

Rome, July 15.—An explosion occurred in a power magazine at Tivoli, eighteen miles northeast of this city. Five persons were killed and several injured. The cause of the explosion is unknown.

REV. MR. SCOFIELD IN HIS OLD PLACE. PREACHED HERE IN THE LATE FIFTIES.

He Asks if the Installments of God's Promises are Always Acknowledged—Rev. E. H. Pence Makes Superstitious Folks Uneasy—Friday is the Devil's Sabbath.

Rev. William Scofield stood in his old church yesterday—the old church in name, but not in fact. It was in the late fifties that Mr. Scofield led Janesville Congregationalists and many changes have come since then. Judge Bennett and a few others who could remember Mr. Scofield's preaching were in the congregation yesterday, but most of the hearers were of another generation. They heard a sermon, however that belongs to no one generation—a sermon on God's fulfillment of his promises. The speaker found a parallel in the promissory note of commercial life. A partial payment endorsed on such a note, he pointed out, made a perfect acknowledgment of the claim. If even one payment were made it established the validity of the note beyond a question. God often fulfilled his promises a part at a time, but the partial fulfillment was proof positive of complete fulfillment in future. When we received an installment on a note, we should be thoughtful very lax if we failed to make proper endorsement. How about installments of God's blessings—were acknowledgements always made, or did people wait for complete fulfillment, forgetting the partial payments that were coming to them from day to day?

Hot Shot for the Superstitious. Superstitious folk were held up to scorn by Rev. E. H. Pence last evening. Mr. Pence started with the declaration that in superstition wise men follow fools. Even Christ's disciples were superstitious, and when He came to them walking on the water they cried: "It is a spirit!" The credulity of the incredulous was dwelt upon at considerable length. It was exemplified by the man who was "unable to believe the bible," but could absorb all the figments of modern spiritualism. God implanted religious instinct in every heart. Through this he tried to glorify man and man willfully affronted God when he turned that instinct toward superstition. Friday, when set apart as a day on which nothing should be begun, was really consecrated as Satan's Sunday. "How many during this hot weather," said the speaker, "are blaspheming God by Sunday desecration and at the same time doing their best to keep holy this mid-week Sabbath of the devil?"

ATHLETICS 16; GOLDEN EAGLES 12
Good Battery Work Didn't Keep the Athletics From Piling Up.

An interesting and well played game of base ball took place at Athletic Park yesterday afternoon between the Athletics and the Golden Eagles. Three hundred people were on the grounds. The battery work of both teams was good, and during the first part of the eighth inning, it took the Golden Eagles a trifle under three minutes to put the Athletics out in one, two, three order. In the second part of the eighth Frank Sullivan drove the ball over the fence with one man on second base. But the first part of the ninth was where the Athletics showed their strength. With two men on bases P. Holloran lifted the sphere clear over the fence, amid the cheers of the crowd. The Golden Eagles then went to bat but couldn't save the game. The game ended in the Athletics favor by a score of 16 to 12. The clubs lined up as follows.

JANES PLOWED A 91 MILE FURROW
Founder of the City Made a "Century" Record With a Breaking Plow.

How dare you talk of work, you "century" riders when you merely pump a twenty pound wheel from Janesville to Chicago?
Think of Henry Jones!
He didn't spin from Chicago to Janesville on a feather-weight scorcher. He came from Chicago on foot and more than that he plowed a furrow in tough prairie sod every inch of the way. Ninety-one miles he turned that furrow with a breaking plow and an ox team. That gave him the right to take any of the

government land through which he plowed. He decided in favor of Janesville.

The story of Janes' coming is told by the Milwaukee Telegraph, E. R. Smith, of Manitowish, being given as authority. Mr. Smith's father went to Walworth county in 1836 and was one of the five appointed to assess the property in the territory, his district being from Racine to Rock River, taking in Beloit, Janesville, Whitewater, and so on, back to the Milwaukee county line. It was not an extensive task. The assessor went over the district on horseback. At Beloit he found two inhabitants. Most of the cities and villages in what constituted his district were unknown at that time, and it was not an unusual thing to find nearest neighbors thirty miles apart.

EGO'S TRIUMPH SUPREME

Surely a Godsend
Said Mrs. D. R. Dickson, of this city. A sufferer from rheumatism gout for several years; has tried different physicians and patent medicines; her ankles swollen to an enormous size and suffered excruciating pains. After receiving a treatment lasting twenty minutes the swelling passed away, pains diminished and she could walk. She testified to a large audience at the corn exchange last Saturday evening.

Another testifies:
Mr. Neil Roherty, another well known citizen, testifies he has been a sufferer for the past nine years. He called on the doctor and so far has received only two treatments. He says he feels like a boy 25 years old, although he is 64 years old. He also stated that if Dr. Ego had only come here years ago there would be no old standing rheumatic or paralytic sufferers walking around this city or vicinity.

Another large and enthusiastic audience of ladies and gentlemen greeted the world renowned specialist and healer, Dr. Ego, at the Corn Exchange last Saturday evening.

Men of every walk of life could be seen there and expressed satisfaction as to his wonderful oratorical ability on anatomy and disease. The subject of the doctor's lecture was hygiene, the laws of nature, and he certainly brought every violation into view with forcible effect.

The doctor's office at the Park Hotel is thronged daily with the people who come for miles around to see and consult him. He is certainly performing some wonderful cures in this city as elsewhere, and no one who is suffering from any disease chronic or acquired, should fail to consult him. Another lecture will be delivered this evening at 8 o'clock at the Corn Exchange. Go hear him. Remember the office hours from 9 a. m. to 5 p. m. daily. Consultation and examination free.

VALISE FAT WITH COIN AND BILLS
Happy Man Whose Satchel Is Filled with Cash, Not Clothes.

One man who stepped from the Myers House last Saturday evening didn't hand his valise to the porter with the rest. He carried it to the desk himself, and when he opened it showed a shovelful of silver dollars and enough greenbacks to fill a wa-te basket. The man was W. H. Becker, of Peoria, and his valise is the "bank" that wheel-players will try to break at the track this week.

W. F. Hayes' popularity as an optician is better shown by the fact that he is called upon by people from surrounding towns that are unable to come to his office at F. C. Cook & Co's. Sunday Mr. Hayes went to Milton, where he fitted a number of eye cases by appointment, it being the only day of the week possible for him to leave his Janesville practice.

TO PAY MORA CLAIM AND PRESERVE CUBA

SPAIN ACCEDES TO OUR DEMAND.

Fear of Our Administration Recognizing the Cuban Insurgents May Have Had Something to do With This Act of Justice—Brief History of An Aged Dispute.

Madrid, July 15.—After having acknowledged the validity of the claim of Antonio Maximo Mora, an American citizen, for over \$3,000,000 in 1886, the Government, through the foreign and colonial ministers has agreed to immediate payment of the compromise amount agreed upon. A recent demand of the United States Government made through Minister Taylor hastened the adjustment of the claim. Before the adjournment of the Cortez early this month strong pressure was brought to bear for the settlement of the claim in view of the fact that in the event of Spanish defeat in Cuba, the United States might be a powerful factor in securing peace and protection for Spanish interests jeopardized on the island. It is understood that the United States Government has agreed to accept for the claimant or those representing him, \$1,500,000, in full settlement of the claim.

Washington, July 15.—Semi-official advices from Madrid advise that the Spanish Government will settle the Mora claim at once. The claim has been pending for over ten years. The claimant is Antonio Maximo Mora, an American citizen, living in New York City, and 77 years of age. Years ago he was a sugar planter in Cuba and owned a steamboat line, the boats of which plied between Havana and New York. He became an American citizen in 1859 in New York. During one of the many revolutions on the island of Cuba, Mora's plantation was seized by the Spanish Government and kept. In the papers at the State Department it appears that the Spaniards derived \$2,500,000 from the lands before their rapacity ruined their productive power.

Mora carried the matter to Washington, and during the first term of President Cleveland established his right to receive the powerful protection of our State Department. Secretary Bayard worked with such success on the claim that in 1886 the Spanish Government admitted that it legally amounted to over \$3,000,000, but offered to restore the lands and settle on the basis of 50 per cent. This offer was accepted, but the money was not forthcoming. The last Congress passed a resolution urging the State Department to insist on the immediate payment of the claim, and Secretary Gresham followed the instructions with great vigor. The result is now known. Spain feared our influence over her affairs in Cuba, and after Secretary Olney's strict orders to our diplomatic officers to preserve neutrality the Madridians saw that to incur our enmity by refusal to pay an honorable debt would be impolitic.

CYCLONE IN THE EAST.

New York and New Jersey Visited by a Great Storm.

New York, July 15.—This town and vicinity experienced their first cyclone in years Saturday afternoon. One fatality resulted, and a large amount of valuable property was destroyed. The cyclone struck the upper part of East New York, known as Cypress Hill, at half-past 4 o'clock, continued on its way to the Lower Plains district, and from there traveled to Wood Haven. One life was lost. A number of people were badly hurt. The storm did great damage in New Jersey. In sweeping over the little village of Cherry Hill five persons were killed outright, and about twenty families rendered homeless. At the hamlet of Fairmont, a few miles from Cherry Hill, six houses were blown down and a dozen persons injured. As yet no fatalities have been reported. The storm also did great damage in Hackensack.

Then the cloud moved toward the old race near Wood Haven. The cyclone wrecked thirty houses there and a large school house. There were twenty residents of Wood Haven injured by the various objects which were carried through the air. Several people were picked up and carried by the wind for a block or two. Mrs. Louisa Ketrugin, of Third avenue, near Rockaway, was killed.

Committees have been organized in several of the towns. Prompt measures were taken and between the amount subscribed and that gathered in boxes at the ruins of the village there is now enough money to keep the unfortunates in food for a few days.

Catholic Summer School Opened.

Madison, Wis., July 15.—The Roman Catholic Summer School was formally inaugurated in this city yesterday with impressive ceremonies. The large edifice was crowded to its utmost capacity, and among those in attendance were many dignitaries high in the church. In the evening solemn pontifical vespers were sung in the church, and there was another crush. This evening there will be a grand reception at the Opera House at which Senator Vilas, Governor Upham and other national and state officers will speak.

Went Down with a Yacht.

South Haven, Mich., July 15.—Yesterday afternoon H. Tittsworth took his new yacht Artist out for her trial trip in company with the builders, Messrs. Coats and Stillson. When about four miles north of the harbor, about 3 o'clock, a squall struck and capsized her. The life saving crew went out immediately and soon after the tug McClure, but the yacht was so far away that the men were all drowned before the crew could reach them.

Will Stop the Big Prize Fight.

Austin, Tex., July 15.—Attorney General Crane has decided the law enacted in 1891 prohibiting prize fighting was valid and operative. His opinion was given in reply to an inquiry by the county attorney of Dallas, where the Corbett-Fitzsimmons fight is announced to take place in October next. This opinion settles the fight as far as Texas is concerned.

ROW IN THE K. OF L.

Boston Assembly with 5,000 Members Is Suspended.

Boston, Mass., July 15.—District Assembly, No. 30, Knights of Labor, has been suspended by the Grand Master Workman. This lodge is the most important of the organization and has a membership of 5,000. It is now on the point of joining the American Federation of Labor. The suspension is the result of charges made against M. J. Bishop, now second highest officer of the Knights, by Martin J. Fadden, former State Master Workman of Massachusetts. Mr. Fadden, acting officially, made charges against Mr. Bishop in the District Assembly, but before the charges were fully gone into a counter complaint was made against Mr. Fadden to the highest tribunal of that organization. The latter case went against Mr. Fadden, and he was suspended by the general officers for one year. The motive prompting the charges against Mr. Fadden was considered so apparent by the members of the organization in this State that the District Assembly, by an overwhelming vote, refused to recognize the authority of the superior body and ordered his reinstatement. Notice of this action was formally sent to the headquarters of the order at Washington, with the result that an order of suspension has been issued.

MONEY FOR CARLISLE.

Customs Receipts Far Better Than Public Officials Had Anticipated.

Washington, July 15.—In spite of the large deficiency reported for the first twelve days of this fiscal year, the custom receipts for that period exceed those for the corresponding period in June of this year and are something like \$3,000,000 ahead of the receipts for the same length of time a year ago. Unless there is a big slump toward the end of the month the custom receipts for July will be nearly \$28,000,000, and July is considered a poor month for importations. But it is not alone in customs that the government receipts are swelling; the internal revenue is also producing its share. For the twelve days of this month internal-revenue receipts have reached \$7,070,043. A year ago for a similar period, when the Wilson bill was under consideration in the senate and the distillers were anxious to withdraw whisky from bond to escape the increased tax, the internal-revenue receipts reached \$11,910,063, almost \$1,000,000 a day. But the year previous—1892—there was no tariff discussion and the whisky men had nothing to fear, the internal-revenue receipts for the first twelve days in July aggregated \$6,923,230.

Mrs. Stevenson Has a Relapse.

Bloomington, Ill., July 15.—Mrs. Vice President Stevenson, who was taken suddenly and seriously ill on Friday, and who was much better Saturday night, experienced a relapse at noon yesterday, and physicians were again summoned. She suffered considerably during the afternoon, but is now believed to be in a much better condition than she has been since first attacked.

Illinois Legislative Plans.

Springfield, Ill., July 15.—Whether the Legislature shall proceed to business at once, take a recess until fall, or immediately adjourn sine die will be settled this week by the House Republicans. The Republicans of the Senate will easily reach an agreement when the House members have made up their minds. A joint caucus will likely be held early in the week to determine the matter.

Woolen Weavers Go to Work.

Utica, N. Y., July 15.—The strike of the Globe woolen mill employees, which has been in progress for the past thirteen weeks, has been settled by concessions on both sides. Twelve hundred people returned to work this morning.

A Ten Per Cent Advance.

Birmingham, Ala., July 15.—The Tennessee Coal, Iron and Railroad Company has announced an advance of 10 per cent in wages to 1,500 tippie men, drivers and outside mine laborers in response to a request made by them.

Voluntary Raise in Wages.

Washington, July 15.—All the employees of the Mahoning Valley Iron Company, whose wages are not governed by the amalgamated scale, have been notified that commencing to-day, their wages will be increased 10 per cent. The advance was voluntary, and employees numbering nearly 1,500 were taken by surprise. The increase is due to the prosperous condition of the iron trade, and it is understood other industrial plants will fall in line.

Will Meet in Denver.

Denver, Colo., July 15.—The ninth annual convention of American agricultural colleges and experiment stations will begin in this city to-morrow morning and remain in session until Thursday night. It is expected that about two hundred delegates will be present, representing almost every state in the Union.

Nebraska Crops.

Omaha, Neb., July 15.—The wheat harvest is in full blast throughout the State. The yield is fully up to the expectations. The crop will average two-thirds of a full crop. The corn crop is estimated at 188,000,000 bushels and its condition was never better. The oats yield is not as heavy as estimated.

Lin 2ed Oil Mill Gutted.

Sioux City, Iowa, July 15.—The mill of the National Linseed Oil Company was partly gutted by fire yesterday. The loss will amount to about \$20,000; fully insured. This is the third time this structure has been partially destroyed by fire. The mill is said to be the second largest in the country.

Illinois Congressman Dead.

Vandalia, Ill., July 15.—After a lingering illness, Congressman Frederick Remann, representing the eighteenth district, died at his residence in this city at 2:45 o'clock yesterday morning.

Nation's Baby Is Thriving.

Buzzard's Bay, Mass., July 15.—President Cleveland spent Sunday in his customary, quiet way. Mrs. Cleveland is getting along nicely and the baby is thriving. The weather has been very favorable since the birth of the little one and the doctor says she has suffered no drawbacks.

WAS A DAY OF REST FOR ENDEAVORERS

QUIET SUNDAY IN BOSTON FOR Y. P. S. C. E.

Various Houses of Worship in the Hub and Neighboring Towns Thronged By Devout Christians—Rain Causing Some Discomfort to Those Attending the Convention.

Boston, Mass., July 15.—Saturday was devoted to the interests of good citizenship at all the meetings of the Christian Endeavor delegates. The monster gathering scheduled to take place at noon on the Commons was forced by rain to divide into two audiences in the near-by tents. In the rush to cover many women fainted, but speedily recovered, with no serious results. The enthusiasm was not dampened, however, and the crowd seemed not diminished by the storm. In each of these meetings the civic weal was the theme in its relation to the duties of Christians. Early morning prayer meetings were devoted to the same subject as well as the morning meetings in Mechanics' Hall and the two tents.

Sunday was a comparatively quiet day for the Christian Endeavors; there were no set exercises, for they don't believe in doing business on Sunday, and there was enough rain to spoil most of the little outing trips that had been arranged to the beaches and nearby points of interest. Visiting clergymen and lay delegates preached and spoke in 110 churches—in Boston, Auburn, Cambridge, Chelsea, Everett, South Medford, Natick, Newtonville, Revere, Roslindale, Somerville, Wollaston, Winthrop and Melrose.

Perhaps the most important sermon of the day was that of Canon J. B. Richardson, of London, Ont., in Trinity Church. He alluded at length to the Pope's recent letter to the English people, written with the object of uniting the English church with the holy see, and while he found some things in the letter which he could not agree with, he expressed the gratification which he felt at the proof which the letter afforded that there was a widespread and genuine desire to unite all Christians in the fold of Christ. Bishop Fallows' morning sermon was on the topic of personal sanctity.

MURDER AROUSES INDIANS.

Trouble Eminent Between Winnebagoes and Omahas.

Sioux City, Iowa, July 15.—There is much excitement on the Winnebago and Omaha reservation over the killing of a young Omaha Indian by a Winnebago, George Parker, a son of Fire Chief, late Omaha Chief, was the victim, and Frank Ewing, the murderer. The tragedy occurred at the Omaha agency. Ewing, who is also one of Captain Beek's police, took his rifle with him to the Omaha agency when he went to celebrate, and imbibing too much liquor, got warlike. Parker attempted to take his rifle away from him to prevent trouble, and Ewing shot him, killing him instantly. Ewing and a companion are in jail in the reservation under a strong guard. The excitement continues, and trouble between the tribes is apprehended.

Good Crops in Iowa.

Council Bluffs, Iowa, July 15.—The collapse of an artificial reservoir, containing a large quantity of water at the corner of Main and Sixth streets destroyed considerable property and fatally injured J. A. Kellar, an engineer. At noon the neighbors for a block around were startled by a crash and found that the walls of the engine-room for a distance of perhaps twenty feet lay with hardly one brick on top of another. The roof had caved in and the reservoir was pouring out its contents in a flood. So suddenly did the crash come that Engineer Kellar did not have time to get out. A big iron waterpipe fell in such a way as to make a sort of archway over him. He was nearly drowned by the flood. His body was a mass of bruises from head to foot.

Hack Each Other to Pieces.

Louisville, Ky., July 15.—Meager details have been received here of a desperate cutting affray in Shelby County, in which two young farmers were hacked to pieces and so badly cut that the attending physicians say both will die. The victims are Isaac Huffman and Marshall Garner. They had an altercation, from some unknown cause, and both men drew knives and began slashing at one another. They only ceased cutting when they were so weak from loss of blood that they could no longer stand.

Ohio Coal Miners Quit Work.

Bellaire, Ohio, July 15.—This morning 3,000 coal miners in the Ohio County, West Virginia, district quit work and asked for an advance from \$1 to 60 cents per ton.

MERITED REWARD. SALES OF LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

Unequaled in the History of Medicine. Honesty, Excellence, Faithfulness Fully Rewarded.

[SPECIAL TO OUR LADY READERS.]

Never in the history of medicine has the demand for one particular remedy for female diseases equalled that attained by Lydia E. Pinkham's Vegetable Compound and never in the history of Mrs. Pinkham's Compound has the demand for it been so great as it is today.

From Maine to California, from the Gulf to the St. Lawrence, come the glad tidings of woman's suffering relieved by it; and thousands upon thousands of letters are pouring in from grateful women, saying that it WILL and does positively cure those painful Ailments of Women.

It will cure the worst forms of female complaints, all ovarian troubles, inflammation and ulceration, falling and displacements of the womb, and consequent spinal weakness, and is peculiarly adapted to the change of life. Every time it will cure.

Backache. It has cured more cases of leucorrhoea by removing the cause, than any remedy the world has ever known; it is almost infallible in such cases. It dissolves and expels tumors from the uterus in an early stage of development, and checks any tendency to cancerous humors.

Lydia E. Pinkham's Liver Pills work in unison with the Compound, and are a sure cure for constipation and sick-headache. Mrs. Pinkham's Sensitive Pills are frequently found of great value for local application. Correspondence is freely solicited by the Lydia E. Pinkham Medicine Co., Lynn, Mass., and the strictest confidence assured. All druggists sell the Pinkham's remedies. The Vegetable Compound in three forms, — Liquid, Pills, and Lozenges.

DRESS TRIMMINGS.

Fringes Again in Favor—Colored Alpaca. Circular Capes.

A number of new dresses show fringe trimmings in various qualities and kinds. There is a twisted silk fringe in heavy grade that makes a very pretty and appropriate trimming for wool costumes. One style resembles the fringe on the old fashioned wool shawls. Little of this is in the market as yet, but it is said to be one of the coming trimmings. This kind of fringe has periodical revivals, but never lasts any length of time. It is imitated in

TAILOR MADE GOWN.

such cheap goods that one season is quite as long a lease of life as it is likely to have. What used to be known as willow fringe is to be worn again. It is brought out in very handsome and expensive styles and is unquestionably one of the most attractive trimmings for black goods, but in colors it never comes out with very good effect. As black is to be one of the season's colors, this fringe will be prominent among the garnitures for the next few months.

The new alpacas, so much worn in Paris now, are brought out in all colors, the changeable ones being especially attractive. Changeable effects in all sorts of goods, from chiffon to cloaking, continue fashionable and are often very artistic and beautiful, not only contrasting colors being used together, such as blue and yellow, green and pink, but quieter harmonies—beige and white, gray and white, blue and white, gray and pink.

The tailor made costume of which an illustration is given is of fawn colored drap d'ete. The bodice is finished with double bias bands, which are carried all around the edge of the foot and also form points on each side. The jacket has a short rippled basque, the edges and the seams being adorned with a single bias band, which also outlines the collar, revers and cuffs and forms a point on the full part of the sleeve. The buttons are of mother of pearl, and there is a small breast pocket on the right side. The blouse is of white batiste with a turndown collar. A black cravat is worn. JUDIC CHOLLET.

USEFUL COSTUMES.

The Extremely Popular Shirt Waist—Tailor Made Costumes.

Women who take delight in the easy and comfortable skirt and blazer, with the shirt waist that has become a necessity, will be comforted by the assurance that this style of dress is even more popular than heretofore, and a great deal of pains is being taken with the fit and finish of it. The shirt waist is becoming and convenient, and some ladies' tailors make a specialty of it, giving as much attention to it as to any other part of the costume. The most approved waists have an outside yoke pointed at the back, a turnover collar and

TRAVELING GOWN.

wide cuffs. An effort was made to increase the size of the sleeves, but this idea was abandoned on account of the extra fullness being inconvenient under a blazer.

The tendency toward elaborateness in tailor made dresses is a matter of regret to many who have relied upon plain costumes of this sort for ordinary wear. It is scarcely to be expected that fashion will run quite mad on this line, but there is far less simplicity than formerly in most of the tailor suits that are shown in the ready made assortments.

Plaids are more worn than ever in Paris and are of all varieties—large and small, heavy blacks and delicate lines. The colors are bright, and these plaid weaves are brought out in all the popular goods, the newest thing being plaid crepon. These are liked for traveling and other hard service, as at the mountains or seashore. Serges with wide and narrow ribs, soft chevrons and alpacas are also among the fashionable materials for these purposes. Alpaca, that goods which was last fashionable in our mothers' young days, is decidedly to the front and is made up into tailor costumes which are light and cool as well as extremely smart looking.

An illustration is given of a traveling gown of flax blue English serge. The skirt, which is rather short, is ornamented with stitched bands. The bodice is a blouse of white mohair, over which is worn a loose open jacket of serge trimmed with bands like the skirt and having metal buttons. The white turnover collar is formed of square tabs. A sailor hat is worn, trimmed with white mohair.

The Old Curiosity Shop.

Can you locate it? You ought to be able to because you live in it. This world is the biggest curiosity shop that we have ever known anything about up to date. Jupiter or Saturn may be able to discount it. Perhaps, and perhaps not. It is pretty full of people who are continually tinkering with themselves—patching themselves up so to speak, in a medicinal way. If they are constipated, bilious or dyspeptic they rush to the nearest druggist for a violent purgative. If they are malarious they seek relief to that ancient but inefficient remedy—the sulphate of quinine. This is what they shouldn't do. What they should is to begin and pursue a course of Hostetter's Stomach Bitters, the prince of alteratives and anti-malarial specifics, particularly valuable also for rheumatism, neuralgia, nervousness and debility, and a promoter of sleep and appetite beneficial to all chronic invalids.

Narcoti-Cure

CURES THE TOBACCO HABIT IN 4 TO 10 DAYS OR MONEY REFUNDED.

Use All the Tobacco You Want Till Your "Craving" is Gone.

Narcoti-Cure is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in four to ten days. It leaves the patient in better health than before taking, and is warranted free from all injurious ingredients.

Narcoti-Cure is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco forever.

Narcoti-Cure is sold at the uniform price of \$5 a bottle, and one bottle cures.

Money refunded if a cure is not affected when taken according to directions.

For 46 Years, and Was Cured
by Narcoti-Cure.

AMHERST, Mass., Feb. 8, 1895.
The Narcoti Chemical Co.

Gentlemen:—Replying to yours of the 1st would say that I have used tobacco for 46 years and of late have consumed a 10 cent plug a day, besides smoking considerably. I commenced to use tobacco when I was only 11 years old, and have never been able to give up the habit until I took Narcoti-Cure, although I have tried other so-called remedies without effect. After using your remedy four days all "hankering" for chewing disappeared and in four days more smoking became unpleasant. I have no further desire for the weed, and experienced no bad effects, whatever. I am gaining flesh, and feel better than I have for a long time. To all who wish to be free from the tobacco habit I would say use Narcoti-Cure.

Yours truly, W. N. WAITE.

If your druggist is unable to give you full particulars about NARCOTI-CURE, send to us for Book of Particulars free, or send \$5 for a bottle by mail

Having all parts of the Furnace which are in contact with the fuel in combustion made of HEAVY CAST IRON.

The fire chamber being entirely sectional, provides amply for expansion in heating.

The upright corrugated sections forming the fire chamber being subjected to a uniform heat on all sides, in proportion to their constructed thickness affords a perfect surety against cracking or warping as six years of crucial tests have proven.

With an exceedingly great amount of heating surface in direct contact with the fuel, no part of the same is so intensely heated, as where only a globe fire pot is provided.

THIS DAY IN HISTORY

1776—Mad Anthony Wayne's
force captured Stony
Point.1808—Henry Edward Manning,
cardinal, famous convert
to Roman Catholicism, born
in Hertfordshire; died 1892.1815—Napoleon Bonaparte sur-
rendered himself to Cap-
tain Maitland of the Bel-
lerophon.1837—The Baroness de Stael, CARDINAL MAN-
French woman of letters,
died.1871—Thomas Lincoln (Tad), son of Abraham
Lincoln, died at Chicago; born 1852.1883—Charles Haywood Stratton (Tom Thumb)
died at Middleboro, Mass., aged 45. "General"
Tom Thumb, as he was billed by his
exhibitor, first appeared at Barnum's in
1842. He was then 4 years old, about 2 feet
in height and weighed 10 pounds. His salary
was rapidly advanced from \$3 to \$50 a week.
The dwarf proved a wonderful attraction
both in Europe and America, and others
were added to Barnum's company. One of
them, Lavinia Warren, married Tom Thumb
in 1863. She was then 22 and the "General"
25.1888—General J. C. Kelton, U. S. A., retired,
died in Washington; born 1832.

NEXT SHORTAGE ONLY \$10,000,000

Treasury officials are figuring on a
deficit of \$9,000,000,000 or \$10,000,000,000, in July and one of \$5,000,000 in
October, and expect a slight surplus
in the other months of this year,
amounting to about \$5,000,000. This
would make the net shortage between
July 1, 1895; and January 1, 1896,
\$10,000,000. A showing like this
would be encouraging, and perhaps it
will be realized. In June the reve-
nues exceeded the expenditures by
about \$3,000,000, though, of course,
some of the expenditures were "held
up." The time, though, must be near
at hand when the government will
make both ends meet, even in Janu-
ary and July, when the outgo is
greater than in average months.

A CHEERING SUMMER.

There was no great change in the
business situation during the last week.
The midsummer torpidity will last
three or four weeks longer but the
improvement in the quarter which
ended with June was strong enough
to bring normal conditions. The per-
iod of business stagnation has ended
and the dullness of trade now is but
the breathing spell preparatory to a
new start. Compared with the situ-
ation in the first part of July, 1893
and 1894, the present shows a marked
advance in all fields of activity.
From this time onward the compar-
isons of the existing conditions with
those of 1890 and 1892, before the
panic was in sight, will be favorable.The next administration will be a
bond-buying not a bond selling one.
That is why wages advanced, and why
they will continue to advance. It will
take a good many advances, however,
to put them where they were when re-
publicans stepped out.The crops promise so well this year
and business is so active, that people
have no time to waste in trying to be-
lieve that a fifty cent dollar is as de-
sirable as a one hundred cent one.Harrison and Reed are up in the
woods, McKinley is quiet, and the
business of selecting republican presiden-
tial candidates has been left wholly to
democrats.Ohio democrats will nominate a
governor as soon as they find some-
body who will pay enough for him
to meet campaign expenses.

Voyagers For Pleasure

Or business, persons on the point of taking an
outing on land or sea, yachtsmen and tourists
need and should be provided with some pre-
ventive of sea sickness and corrective of the oc-
casional ill effects of accustomed air, food and
water. Many nervous persons experience
quaints akin to sea sickness when travel-
ing by rail. They, too, require a medi-
cinal safeguard. The best in existence is Hos-
tetter's Stomach Bitters, which promptly relieves
nausea, sick headache, biliousness, cramps and
colic, &c. If business calls you to some locality
where chills and fever or bilious remittent is
prevalent, don't fail to provide yourself with it.
For constipation, rheumatism and inactivity of
the kidneys it is an excellent remedy. Eminent
physicians commend it highly. Lay in a supply
before you start by boat, steamer or train. It is
a most serviceable traveling companion.

Once More Tanner.

Dr. Tanner, M. P. for Cork, has dis-
tinguished himself in more ways than
one. Some days ago he sat down in the
hair-dressing saloon in the House of
Commons at a quarter past 4 to have
his hair cut. The barber had barely be-
gun when the division bell rang, and the
member for Mid Cork had to rush up-
stairs. The operation was resumed after
a delay of twenty minutes, and the bar-
ber had half finished the task when the
bell rang for another division. Off darted
the doctor once more; and when he
returned the hair-dressing was resumed
da capo, but only to be again inter-
rupted. When the third division bell rang
there was another occupant of the hair-
dresser's saloon in Mr. R. G. Webster,
who had just been lathered previous to
shaving. Dr. Tanner proposed they
should pair and they did so. And by this
expedient the doctor was able to get his
hair cutting finished by 7 o'clock, which
he thinks is a record in its way.

FIRST ONE TO MARRY IN ROCK COUNTY.

BOWER CITY PIONEER HAS
PASSED AWAY.

Mrs. George W. Britain Laid to Rest in Plymouth—Funeral of Mrs. Levi B. Carle—Charles Burns' Remains Brought Here From Baraboo—Other Mortuary Mention.

The remains of Mrs. George W. Britain arrived from Chicago Saturday evening at 4 o'clock and were taken to the town of Plymouth for burial. Sylvia Inman was Mrs. Britain's maiden name, and it is claimed that she was the first white woman married in Rock County, the ceremony taking place about 1840 near Atton. Mrs. Britain lived in this city for fifteen years, then moved to Richland County, and from there she went to Chicago in 1886. She was the mother of eight children, six of whom survive. Mrs. Britain was seventy-three years of age at the time of her death, having been born in 1822 and was married at the age of eighteen.

David Ayers.

David Ayers, a highly respected citizen, died at his home in Footville, Sunday morning, at 9:10 a. m., of paralysis. Mr. Ayers was born in the town of Mount Hope, Orange county, N. Y., August 27, 1820. He lived there a number of years, and came to this state in 1856, and settled in Footville. He was married twice to sisters, his wives being daughters of Captain John Sayre, a wealthy farmer of Florida, New York. He had no children by his first wife. He was married to his second wife, Miss Ellen Sayre, December 27, 1849, and she survives with two sons, Charles, of Sanborn, Ia., and George H., of Footville.

Mr. Ayers was an honest upright man in all his dealings with his fellow men, his word was as good as his bond. He was in the C. & N. W. depot at Footville for a number of years as well as being agent for the two express companies and holding many offices of public trust both in Footville and in his native place and always doing his duty faithfully. Of late years his health failed and he relinquished his interests to younger hands. The final stroke came January 18 of this year and Mr. Ayers had been helpless ever since. Funeral services will be held in Footville, Tuesday at 1 o'clock at the M. F. church of which the deceased was a member.

Funeral of Mrs. L. B. Carle.

There was a large attendance at the funeral of Mrs. Levi B. Carle yesterday afternoon, the services being conducted at the family home on St. Lawrence place, by Rev. Dr. Sabin Halsey, of Court Street M. E. church, and Rev. A. H. Barrington, of Christ church. During the day many friends called at the home to view for the last time the mortal remains and express sympathy to the bereaved family. At the conclusion of the services the remains were taken to Oak Hill for interment, the pall bearers being S. C. Cobb, James Harris, James Mount, M. M. Phelps, Dr. W. H. Judd and J. L. Ford.

Charles Burns.

The remains of Charles Burns arrived in the city from Baraboo Sunday morning at 6:25 and were taken from the cars directly to Mount Olivet for burial, the pall bearers being H. H. Hurlburt, Case Newell, James McGinnis, J. Desmond, James Fay, P. Caughlin. Mr. Burns leaves a father, two brothers and a sister to mourn his death.

CHARMED BY E. L. EASTON'S VOICE

Presbyterians Heard an Old Harvard Glee Club Soloist Sunday Night.

E. L. Easton delighted the congregation at the Presbyterian church last evening by a wonderfully impressive rendering of Paul Rodney's baritone solo, "Calvary." Mr. Easton is a graduate of Harvard college, and while in Harvard was the baritone soloist of the famous Harvard Glee club. He studied music under Charles E. Adams of Boston, who is known as one of the best vocal instructors in the country.

Mr. Easton's health gave away while he was in college and he left Harvard a physical wreck. He went on his father's stock farm, supposedly to die, but began to regain strength and at the same time to show remarkable ability as a trainer. He is now as straight and strong as an Indian but sticks to the sulky, partly for the open air life which is essential to his health, and partly for love of the noblest of animals. This week he is in Janesville with several notable horses, the fastest of which is Badge, entered in the 2:10 class pacing.

WILL MCCONNELL RESUMES WORK

He is Again on the Temperance Platform Making Stirring Speeches.

Many Janesville people know Will McConnell, the former theatrical agent who left that field for temperance work. McConnell conducted temperance meetings at Clinton for some time and is now in the vicinity of Deadwood and is holding a series of meetings in Lead in the old Miners' hall. Wide spread interest has been created by his brilliant success down the gulch. A press dispatch says that the hall will be crowded and there is no doubt that the committee will require a larger place for meeting before the end of the week.

FAILED TO MAKE A CENTURY.

Rain Shut Off Janesville Wheelmen Bent On Making a New Record.

It seems to be the ambition of Alderman Orion Sutherland and J. G. DeLong to make a century run about once a week, but yesterday rain interfered. They left the city at 4:15 in the morning and at once pushed out for Whitewater. From Whitewater they made Sullivan, where after a stop of twenty-five minutes they made a start for Oconomowoc, arriving there at 8:15. At 9:30 it began to rain and poured a steady stream until 11:30. At 11:45 they started for home but when a few miles of Sullivan it began to rain again and the roads became so bad that for six miles the tourists walked and carried their wheels. They reached Whitewater at 4 o'clock.

After an hour's rest they left for home, but the roads were so muddy that they had to take the railroad tracks. When out three miles the cement soaked off Alderman Sutherland's tire and a farmer was hired to carry ride and wheels back to Whitewater, where they caught a train late in the evening. After all their trouble they were sixteen miles short of making a century.

Captain Keyes of the Rockford Cycling Club says the Rockford cyclists will attend the big Janesville cyclists meeting forty strong, and there is no reason why it should not be the racing event of the season.

Captain Bert Keyes, one of the fastest and best known cyclists in Rockford rode into the Bower City at 6:30 Saturday evening from Rockford via Beloit. After spending Sunday in the city he left for Beloit last evening at 6:00 making the Line City a distance of fourteen miles in fifty five minutes, with the wind against him.

A few strange wheelmen passed through the city yesterday morning, coming from Milton Junction, being on their way to Beloit. Thirty-five members of the North Side Cycle Club from Milwaukee, who have talked of taking a Sunday run to Janesville, were seen at Watertown by Janesville riders yesterday. The club was composed entirely of Germans, and the captain carried a bugle. They were making a century run, coming from Milwaukee via Oconomowoc.

A number from this city started out late yesterday, to make short runs to neighboring towns, but the threatening clouds disheartened a great many of them.

W. M. Pfennig, Bert Lincoln, William Buob and Charles Ellis wheeled to Beloit over the prairie road yesterday and were royally entertained by F. P. Kling at the Goodwin house. Coming home Buob disputed the right of way with a small dog and had his wheel broken so he had to walk the last three miles.

A new racing board will be elected at the meeting of the Arrow Cyclers club tomorrow evening.

After the horses had been worked yesterday morning at the race track, a number of local cyclists took a spin about the track with their trainers. The best mile made was in 2:48.

Professionalism has received a black eye in the announcement that some half a dozen of the leading manufacturers throughout the country, will not hire professionals next season, nor even pay their traveling expenses.

DEAD BODY BOBBED INTO VIEW.

Ghastly Sight on Lake Geneva Yesterday—Thousands Escort the Remains.

Janesville people were within twenty feet of the diver's boat when Dr. Hogan's body was brought to the surface of Lake Geneva Sunday. The first they saw was the dead man's head and shoulders shooting above water, the diver being below and out of sight.

All Harvard turned out last evening to meet the limited and escort Rev. Father Hogan's body from the depot to the church.

CROOKS PLENTIFUL THIS WEEK

But the Police are Keeping a Sharp Look-out.

The police have been warned to expect crooks of all descriptions during the race week. In La Crosse there were six Pinkerton detectives on the grounds, and pickpockets were numerous. The La Crosse special that arrived here yesterday brought a swarm of crooks who are following the races but are not connected in any way with the stables.

JANESVILLE SENT 110 SINGERS

Special Train to Madison Yesterday Was Crowded—Freeport Enrolled 490.

There were one hundred and ten people from this city on the Madison excursion yesterday while Freeport alone contributed four hundred and ninety. The special left Janesville at 8:30 and arrived here at 11:00. The Sangerfest was held at Schutzen Park, the Concordia Singing society of this city, rendering a number of selections.

JOHN DOYLE DEAD AMONG STRANGERS.

RUNAWAY ACCIDENT ON FRIDAY
PROVES FATAL.

Victim Was Well Advanced in Years And Had \$3500 on Deposit in a Local Bank—Attempt to Locate His Relatives Who Are Now Living in Canada.

John Doyle, who was run down by a runaway on Friday evening, at the corner of West Milwaukee and Franklin streets, died Sunday noon. "I think he is fatally injured," remarked Dr. C. L. Clark, a moment after he examined the wound on the left breast of the unfortunate man. Notwithstanding this Dr. Clark did everything possible to relieve the sufferer, without avail.

Mr. Doyle was well advanced in years. He came here a few weeks ago from Monroe, and appears to have no relatives living in this part of the state. It is said that he has a brother living in Northern Wisconsin and a sister in Northern Michigan. His own immediate family have all passed away, being buried in Monroe. It is reported he has about \$3,500 deposited in one of the local banks.

The funeral will be held from St. Patrick's church at 3:30 o'clock Tuesday morning, after which the remains will be taken to Monroe for burial.

A brother of Doyle's resides at Rockland, Ontario. He has been asked by telegraph to attend to the affairs of the deceased and notify other relatives whose residences are unknown to his friends here.

WANT A GAME ON NEUTRAL GROUND
The Edgerton and Sharon Clubs May Meet Here.

A ball game as interesting as the recent Clinton-Milton game may be played at Athletic Park the latter part of this month. Edgerton and Sharon are at swords points. Each team has won a game and now, Manager Moore of the Sharon says, the deciding game will probably be played in Janesville for \$100 a side. At Edgerton on Saturday the clubs met for the second time and the game was a hot one.

OLD TIME TAVERN LEFT IN ASHES

Tramps Believed To Have Fired The Richmond House Saturday Night.

A few miles west of Johnston in the little town of Richmond there was a hot fire Saturday night. The Richmond hotel was burned to the ground. It was midnight when the fire was discovered and the work is supposed to have been done by tramps. The building was owned by Mr. Bellman who had an insurance of \$450 in the Richmond town insurance company. The hotel was built in an early day, and furnished accommodations for travelers and teamsters enroute to the lake shore, long before railways were constructed. It was unoccupied at the time of the fire.

BOARD OF SUPERVISORS.

Special Session of Rock County's Legislature.

Friday, June 14, 1895.
Board met pursuant to adjournment at 9:30 o'clock a. m.
Called to order by Henry Tarrant, chairman.
Roll call.
Members all present except Bruhn.
Quorum present.

Journal of yesterday read and approved.
The petition of certain of the state road of Union for alteration of the committee on roads and bridges, No. 12.

Supervisor Vankirk presented the following resolution and moved its adoption:
Resolved, by the county board of supervisors of Rock county, That the county clerk is hereby authorized to draw an order on the treasurer of Rock county for the sum of three hundred dollars, payable to the order of O. D. Rowe, register of deeds, in part payment of the amount to be paid Mr. Rowe on completion of the books as per resolution of this board, adopted January 16, 1895.

Adopted. Ayes, 23; noes, 0.
Supervisor Powers, from special committee to ascertain and report the number of licenses granted for sale of liquors, presented a report, which on motion Supervisor Bowles was referred back to the committee with instructions to report at 2 o'clock p. m.

Supervisor Smith moved that he be instructed to have out all interest in such report.
Carried.
The clerk read the following report of the committee on insurance at Johnston:

The committee to whom was referred the matter of the collection of insurance due the county by reason of the loss of the county buildings by fire, beg leave to report:
As no action in the courts could be brought to trial before November next, your committee has delayed acting upon the matter finally, and is in communication with certain of the companies, who have made offers of a compromise, which offers your committee does not deem fit for the best interest of the county to accept.
All of which is respectfully submitted.

HE W. J. MINTYRE, Chairman of the Board.
W. A. JACKSON, District Atty.
CHAS. N. NYE, Co. Treasurer.

Report adopted.
Supervisor More, from special committee, reported as follows and moved its adoption:
To the Hon. Board of Supervisors of Rock County: GENTLEMEN—Your special committee to whom was referred the petition of the common council of the city of Janesville asking time to pay the license money which by the late decision of the supreme court is now due the county from said city, beg leave to report as follows:

That whereas, the city of Janesville is indebted to the county of Rock for license money withheld from said county, and whereas the said city of Janesville desires time in which to pay such sum, therefore

Resolved, That the said city be allowed to pay said sum in two equal payments; one to be paid July 15, 1895, and the other July 15, 1896, and in default of the payment of said sum on July 15, 1895, the whole of said money shall become immediately due and payable.

Resolved further, that the conditions set forth in preceding resolution in regard to the payment of the license money referred to in this report, shall be so construed as to include the cities of Beloit and Edgerton, the towns of Plymouth and Janesville and the village of Clinton.

All of which is respectfully submitted.
ROBERT MORE,
HENRY A. EGERTON,
C. E. LANGWORTHY.

Adopted.
A communication from the clerk of the circuit court setting forth in detail the needs of that office for filing room for papers was read by the clerk and on motion of Supervisor Kimball was ordered placed on file.

By request of Supervisor Kimball S. T. Merrill addressed the board on the matter of an appropriation of \$3000 for current expenses at the insane asylum to tide over until the November meeting.

Eleven o'clock having arrived, the special order for that hour, being the report of the committee on public buildings was then taken up. The question being on the adoption of the report of the committee it was lost by the following vote:

Respectfully submitted,
FENNER KIMBALL,
HENRY A. EGERTON.

Report adopted.
P. C. Wilder presented the following and moved its adoption:

WHEREAS, in consequence of the fuel account of our insane asylum and poor house, being in excess of that of other like institutions in the state, the yearly expenditure for same being about \$40,000, which is one-fifth to one-fourth the total expense of running said institutions, I would move that a committee be appointed to act in conjunction with the building committee and report the cause and if possible suggest some feasible means, to reduce said excess or expenditure and report at November meeting.

Carried.
The chair appointed as such committee Supervisors Wilder, Swingle and Kendall.

Supervisor W. T. Vankirk presented the following and moved its adoption:

Resolved: By the county board of supervisors of Rock county, That

The clerk of this board be and is hereby authorized to draw an order on the county treasurer in favor of the treasurer of the Phi Kappa Psi association of Beloit college for the sum of \$70.25, this being the amount of taxes for the year 1894 paid by said association on its property in the city of Beloit; said property being by law exempt from taxation, and that the amount so paid be charged back to the city of Beloit.

Resolution adopted.
Ayes 33, noes 0.

Supervisor Coon presented the following resolution and moved its adoption:

Resolved:—By the county board of supervisors of Rock county, That

The sum of \$3000 be and is hereby appropriated to the trustees of Rock county insane asylum and the county clerk be instructed to draw an order for that amount.

Resolution adopted.
Ayes 33, noes 0.

The district attorney made some statements in regard to the collection of insurance on the Johnston buildings.

Supervisor Vankirk moved that a committee of three be appointed by the chairman of this board to have the three abstract books in the register's office containing the abstracts of first mortgages of Rock county divided and rebound into fifteen separate books and additional leaves added thereto for future use. The cost of same not to exceed the proportionate cost of abstract books recently rebound and repaired by the Janesville underty and box factory.

Carried.
The chair appointed as such committee Supervisors Vankirk, Cram and Bowles.

Supervisor Wilder moved that the committee appointed last year to collect insurance on county buildings destroyed by fire, be continued and instructed to commence action against companies having issued policies on said buildings destroyed, unless settlement is made prior to the November term of court. And that the committee is hereby authorized to make such compromise as they may deem fit for the best interests of the county.

Adopted.
Robert More, from committee No. 13 on claims, presented the following report and moved its adoption:

To the Board of Supervisors of Rock County: GENTLEMEN—Your committee No. 13 to whom was referred the following entitled bills, would respectfully report that they have had the same under consideration, and after a careful examination of all the items contained therein, recommend that the several amounts as set forth in this report be allowed each claimant respectively, to-wit:

STATE OF WISCONSIN, ss
I, W. J. McIntyre, county clerk of Rock county do hereby certify that the foregoing is a true copy of the journal of proceedings of the board of supervisors of said county at their special meeting held in the office of the clerk of the city of Janesville on the 9th, 13th and 14th days of June 1895.

In witness whereof I have hereunto set my hand and affixed the county seal at Janesville this 17 day of June 1895.

W. J. MINTYRE,
County Clerk.

HE WON THE DAY.

Young Harmon's Conflict with a College Faculty Years Ago.

A story about the college life of Judge Judson Harmon was told by a classmate of the attorney-general the other day, says a Columbus correspondent of the Cleveland Leader. Nearly thirty years ago Judge Harmon was a student in Denison university at Granville. At commencement time in those days it was the custom of the senior class to issue a publication called the Pasquin, which always contained matter of the most vituperous sort, and the editorials were often directed at the most prominent people in the city, as well as the professors of the school. The greatest mystery surrounding the publication and distribution of the sheet and the very secrecy of it insured the contributors from unpleasant results. Judge Harmon was a member of the class of '66. In the Pasquin of that year there appeared many bitter denunciations of and personal thrusts at the faculty. Despite the safety which the editors supposed surrounded their pointed thrusts, the faculty demonstrated that they knew the source of the writings. On commencement day all of the students received their parchments excepting young Harmon. He alone was punished for his connection with the Pasquin. It took only a minute for the students to understand the slight to Harmon, and they proved their loyalty to him by holding an indignation meeting in the fraternity hall. Resolutions were adopted in which the students foreswore allegiance to the college unless Harmon's diploma was forthcoming and he was placed on an equal footing with the others. The board of trustees demurred and finally agreed to confer honors upon Harmon privately, but the students refused the offer. Next day they hired a band, formed a big procession and marched to the little church where the commencement exercises had been held. The citizens of Granville had learned the facts and they turned out in force to watch developments. The trustees were sent for and President Talbot presented Harmon's diploma with fitting dignity and expressions of praise. The victory of the students was celebrated in true college style, and the present attorney-general of the United States was the lion of the hour.

TOOK NEXT TO NOTHING.

The Sick Man Had Only Swallowed Every Drug in the Shop.

"H'm! Have you been taking anything for your trouble?" Inquired the village doctor of a patient from out beyond Squantum Corners, who complained of being all run down.

"Well, no," was the reply. "I haven't taken anything worth speaking of during the last three months, except a couple o' bottles o' Tomb's Tip-Tonic and a bottle or two o' Potter's Peculiar Pectoral and two or three bottles o' K. K. K. and a box or two o' Pelebold Pills for Plain People and a few doses o' Indian Invigorator and two or three kinds o' home-made bitters and some Compound Extract o' Cow, Gln and Quinine and some liver medicine and a few powders o' one kind and another and a bottle o' something that we found in the cellar with the label lost off and a dose o' salts now and then and a little lippy elm tea and some recipes that he neighbors brought in and three or four sample bottles o' stuff that agents left at the house. Outside o' these I haven't taken a single thing except some root and bark tea and some infusion o' red clover blossoms that my wife insists on my taking three times a day. To be sure, I have been wearing a porous plaster and liver pad most o' the time and soaking my feet regularly every night and living on health food and malted milk. But outside of that I haven't done a thing, doctor, not a thing!"—Truth.
